Corporate Benchmarking Tool

Identify strengths and weaknesses in upstream performance

Our Corporate Benchmarking Tool enables you to rapidly compare the past and future upstream performance of competitors and partners. It gives you an unbiased assessment of company portfolios and a deep understanding of their strengths, weaknesses and relative peer group performance.

Built from our global upstream database and portfolio valuation modelling, it gives you access to our unique forward-looking metrics as well as SEC/company-reported data – all updated quarterly for the latest information.

Use it to:
- Benchmark performance across consistent metrics for financials, production, reserves, costs and value
- Evaluate and understand strategic corporate strengths and weaknesses
- Analyse performance globally, regionally, by country or resource theme
- Identify and evaluate investment and partnership opportunities
