

Solar & Energy Storage Summit

Wood
Mackenzie

Post Show Report **2022**

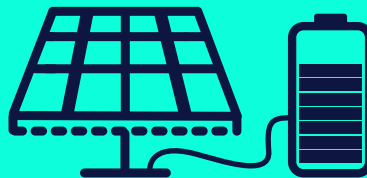

June 7-9, 2022
Loews Coronado Bay, San Diego, CA

Three day event

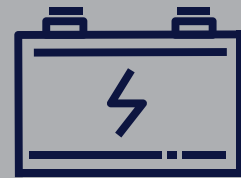

Day One
Solar

Day Two
Solar + Storage

Day Three
Energy Storage

Join Wood Mackenzie's expert team of solar and energy storage research analysts and consultants as they engage in powerful conversation with leading grid-scale utilities, commercial & industrial solar and energy storage developers, state and federal policy makers and regulators, and solar module and battery manufacturers to discuss the outlook and strategies for getting the sector back on the path to growth.

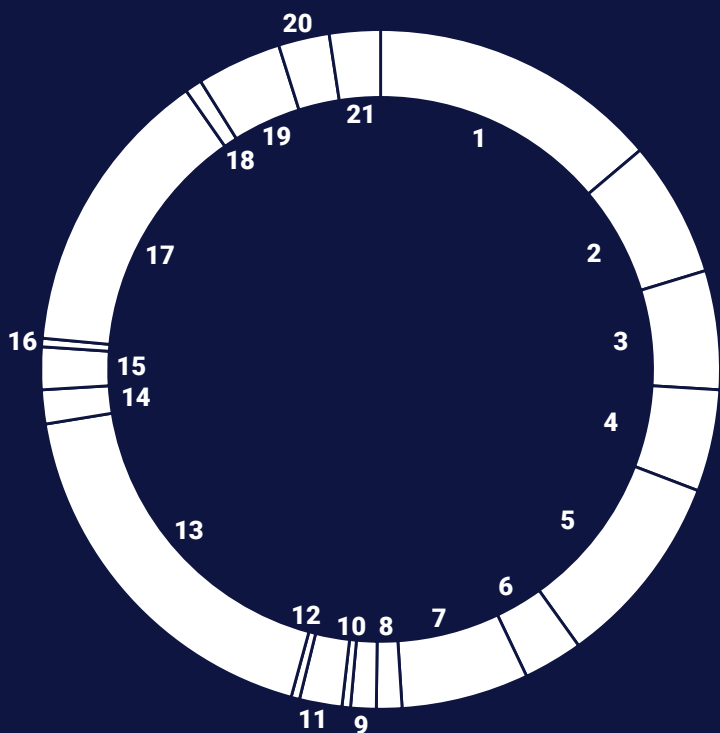

Overall Theme:

Policies, Markets and Technologies Driving the Wide-Scale Adoption of Solar & Storage

Content Pillars

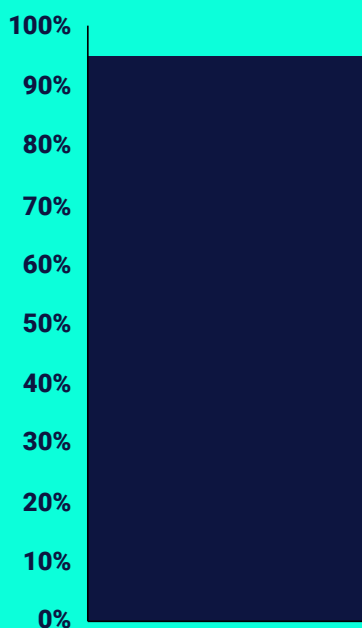

- **Simplifying the customer acquisition process for community solar**
- **How are developers overcoming interconnection challenges for community solar?**
- **What are the options for a markets without ITC? What incentives are needed to continue the development of the market facilitated by ITC?**
- **What are the scenarios for the next phase of policy actions at state level and how could they impact market trajectories?**
- **How is the cost effectiveness of battery storage changing?**
- **Commercial & Industrial Storage: How Are Demand Patterns Changing?**
- **How can we achieve a truly hybrid energy storage system and what are the benefits?**
- **Supply chain and raw materials: To what degree is the cost of commodities driving technology choices?**
- **Safety: How have high profile battery fires and malfunctions refocused manufacturers on safety features?**
- **Turning back the tide on rising solar costs – mitigating supply chain disruptions and returning the sector to exponential growth**
- **Green Hydrogen in North America – Understanding the scale of the opportunity for the solar industry**
- **Light at the end of the pricing tunnel? The outlook for pricing scenarios in the context of easing supply chain challenges and technological advances in system capacity**

Audience Profile

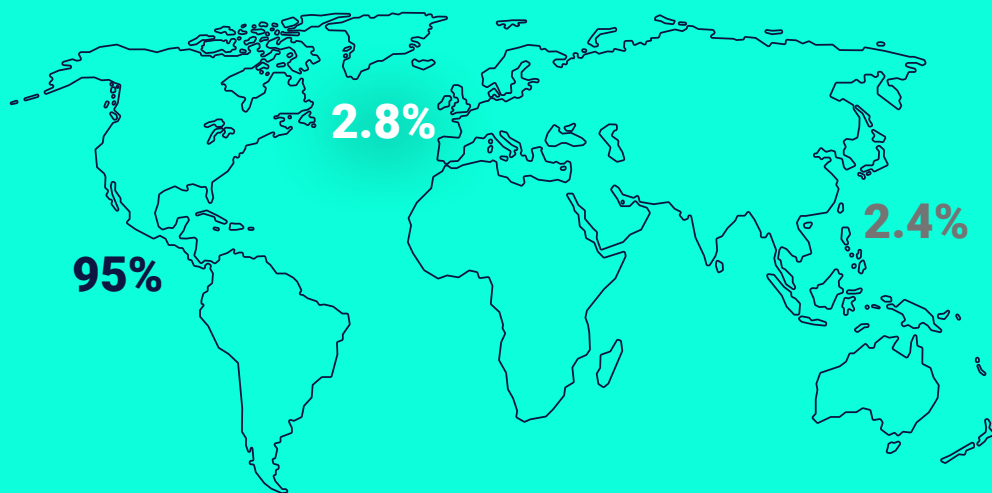

By sector

| | | |
|----|---|--------|
| 1 | Technology Provider/Component Supplier | 13.70% |
| 2 | Energy/Oil & Gas | 6.40% |
| 3 | Consulting | 5.60% |
| 4 | Engineering, Procurement & Construction | 4.80% |
| 5 | Finance/Institutional Investor | 9.20% |
| 6 | Government | 2.80% |
| 7 | Independent Power Producer | 6% |
| 8 | Industry Association | 1.20% |
| 9 | Installer | 1.20% |
| 10 | Law Firm | 0.40% |
| 11 | Media/PR | 2% |
| 12 | Non-Profit | 0.40% |
| 13 | Project Developer | 18% |
| 14 | Project Integrator | 1.60% |
| 15 | Research | 2% |
| 16 | Supply Chain/Logistics | 0.40% |
| 17 | Technology | 13.70% |
| 18 | Trading & Distribution | 0.80% |
| 19 | Utility/Retail Energy Provider | 4% |
| 20 | Venture Capital/Private Equity | 2.40% |
| 21 | Other: | 2.40% |

Past attendees

- 174 Power Global
- 8minute Energy
- AES Clean Energy
- Ameresco
- Ampt
- Baywa r.e.
- Canadian Solar
- Clean Energy Associates
- Clearway Energy Group
- CohnReznick
- Enel X
- ESS Inc.
- General Motors
- Goldman Sachs
- Hanwha QCells
- Lightsource bp
- Mitsubishi Electric
- Mosaic
- Nautilus Solar
- Nextracker
- Pivot Energy
- PV Tech
- PXiSE Energy Solutions
- Redaptive
- Samsung SDI
- Schneider Electric
- Scout Clean Energy
- SDG&E
- SEIA
- Silicon Ranch Corp
- Soltec
- SPAN
- Sungrow
- Sunrun
- U.S. DOE

Past Speakers
